The Cane Growers' Quarterly —Bulletin—

VOLUME XI

Contents

	Page.
Field Days at the Mackay and Meringa Sugar Experiment Stations, by W. J. S. Sloan	1
The Need for More Varietal Trials, by Norman J. King	12
Forecast of Approved Varieties for 1948	15
Some Administrative Aspects of Irrigation,* by Arthur F. Bell	16
The Weed Problem,* by W. J. S. Sloan	24
Fiji Disease Control by Resistant Varieties, by Norman J. King	30
The Symptoms of Leaf Scald Disease in Sugar Cane,* by C. G. Hughes	33
The Ineffectiveness of Roguing Leaf Scald Infected Fields for Use as a Source of Planting Material,* by P. Volp	36
Meeting of Sugar Experiment Stations Advisory Board	39
Mechanical Fertilizing, by S. O. Skinner	40
Soil Fertility Surveys with Particular Reference to the Garradunga Area in North Queensland,† by C. R. von Stieglitz	43
A New Policy in Seedling Selection, by C. G. Hughes	48
Conference of Cane Pest and Disease Control Boards at Innisfail, by R. W. Mungomery	50
Horse Ailments, by R. D. Chester	52
A Further Review and Comparison of Fertilizer Trials in North Queensland During 1932-36 and 1937-41,* by L. G. Vallance	55
Sugar Experiment Stations Advisory Board	61
A New Type of Fertilizer Spreader,* by G. Camuglia	62
Ratooning of Drought and Frost Stricken Cane, Bundaberg-Childers District, by S. O. Skinner	63
Methods of Dealing with Dead Cane Crops,* by N. J. King	67
The Consolidation of Soil in Drills After Planting Sugar Cane in Northern Queensland, by G. Bates	74
Notes on Beetle Collections in the Mulgrave Area, 1946-47 Season,‡ by P. Volp	77
Effects of Dry Weather on the Greyback Beetle,‡ by J. H. Buzacott	79
Caterpillar Outbreak at Ingham, by J. H. Buzacott	82

* Papers presented at the Innisfail Conference, Q.S.S.C.T., May, 1947. Reprinted by courtesy of the Society.

† Paper presented at the Bundaberg Conference, Q.S.S.C.T., April, 1946.

‡ Papers to the Pest Boards' Conference, held at Innisfail, 8th May, 1947.

	Page.
Mites which Attack Sugar Cane,* by J. H. Buzacott	85
Cultures for the Inoculation of Green Manure Crops	88
The Soil Factor in the Selection of Varieties under Mackay Conditions, by W. A. McDougall	89
The Introduction of Badila into Queensland, by C. G. Hughes	97
Leafburn, Windburn or Sunscald in Cane, by J. H. Buzacott	101
Horse Ailments, by R. D. Chester	104
Notes on Drought Reactions of Some Newer Varieties, by W. J. S. Sloan	109
Frost Resistance of New Varieties in Central and Southern Queensland, by W. J. S. Sloan	112
Varietal Trials, 1947 Season, by Norman J. King	116
P. Garrone, Mourilyan	116
H. Ivers, Rosella, Mackay	117
W. Truscott, Bundaberg	117
Fairymead Sugar Co., Hapsburg Plantation	118
Fairymead Plantation, Block 26E	118
Fairymead Plantation, Block 3.W., Trial No. 1	119
Fairymead Plantation, Block 3.W., Trial No. 2	119
Dispersed Trial—M. Darveniza, South Johnstone	120
J. Seres, Mourilyan	120
W. J. Henderson, South Johnstone	121
F. Biletta & Co., Moresby	121
Dispersed Trial—G. Fowler, Home Hill	122
W. F. Klaka, Home Hill	122
Dispersed Trial—L. Galea, Alexandra, via Mackay	123
C. G. Sommer, Palms, Mackay	123
J. S. Russell, Balnagown, via Mackay	123
Useful Water Data	124
Legume Inoculation Pays	125
Quarter-Twist Belt Drive, by J. H. Nicklin	126
Correction	127
List of Varieties of Sugar Cane Approved for Planting in 1948	128
Procedure for Taking Soil Samples	130
Velvet Beans for Green Manuring, by Norman J. King	131
Sugar Experiment Stations Advisory Board	133
"Gammexane" for the Control of Wireworms, by W. A. McDougall	134
Notes on Termites which Damage Sugar Cane in North Queensland,* by J. H. Buzacott	136
